

AI Trading Tools: Backtest Results

Methodology:

- **Stock Selection:** A random selection of 100 stocks with daily volumes greater than or equal to 1 million.
- **Testing Period:** The strategy was applied to all selected stocks from 2016 through 2024.
- **Equal Weights:** Each stock is weighted equally in the analysis.
- **Capital Gains:** No tax deductions were applied to the accumulated capital gains.

Performance Analysis:

Year	Average Gain (%)	Cumulative Gain (%)
2016	22.07	22.07
2017	26.83	54.82
